"CINDERELLA."

There was a sort of mortuary jolitty about the production of "Cinderella" at the Acad-emy of Music, a suggestion of the dear, dead ago. As an English pantomime it is a very, very long way off, and as an American entertainment it is lacking in many essential qual-ities. The costumes, ballets and ballet music all brought back memories of "The Bates in the Wood" at Niblo's-to which, by the bye, "Cinderella" cannot hold a candle-then there was dear old Bertha Ricci, of comic

opera memory, and other souvenirs. Cinderella " needs good songs,good people and new dances. Without these no such en-tertainment can be a success. It is in the English pantomines that all the best comic songs are heard; the cream of the variety profession take part in them; all that is bright and novel is introduced, and the result is a highly enjoyable performance, in which not only children, but also adults, revel. The pantomimes run for months, and many a manager has recuperated his fortunes by this

annual entertainment. Mr. Leslie's production is a very trksome affair. Miss Fannie Ward, the Cinderella, has the ghost of a voice, Miss Lillie Alliston supplied with a neck band, to which the colsang her song in bland forgetfulness of the orchestra, Edwin H.
